

OVERVIEW

Styxproxy is a global anonymous proxy service with a dark, cryptic brand identity rooted in Greek mythology — the River Styx as the gateway to anonymity. The design should feel like crossing into a hidden realm: serious, professional, fast, and slightly ominous.

Logo Usage

The logo has two modes: **dark mode** (green mark + white text on black) and **light mode** (black mark + black text on white). Never use the wrong mode on the wrong background.

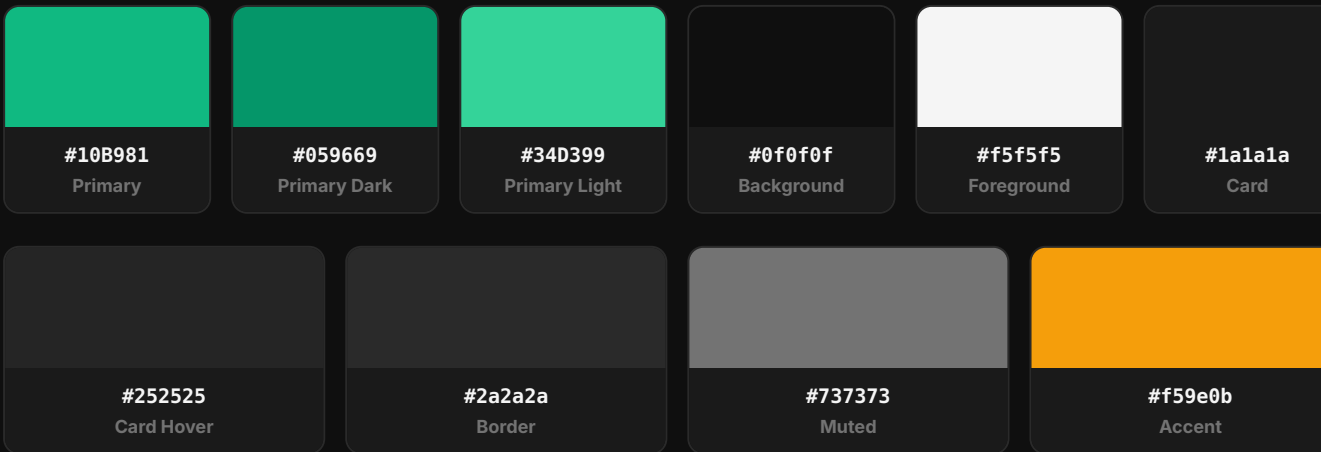

CONTEXT	ASSET	NOTES
Header nav	<code>header-icon.png</code>	Icon only, 40×40px
Hero section	<code>hero-logo-dark.png</code> / <code>hero-logo-light.png</code>	Full lockup (mark + wordmark)
Footer	<code>footer-logo.png</code>	Icon only, 32×32px
ChatWidget avatar	<code>chatbot-logo.png</code>	Charon character, 48×48px
Social / OG	<code>og-image.png</code>	400×400px PNG
Favicon	<code>favicon.png</code>	32×32px PNG

Bot Name: Charon

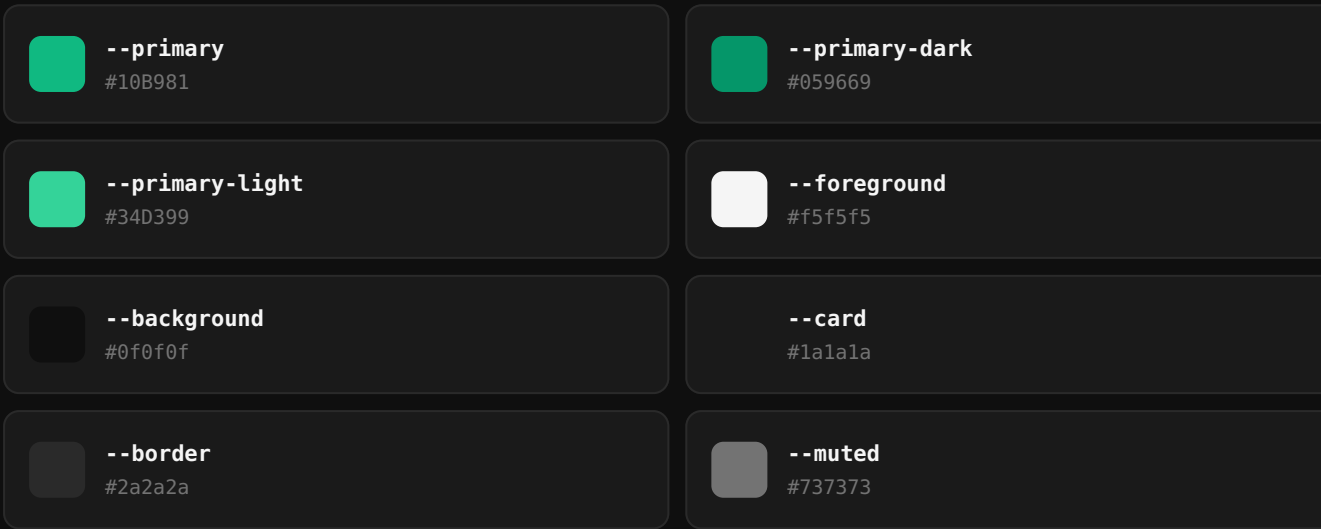

In Greek mythology, Charon is the ferryman who rows souls across the River Styx. This is the support chatbot's name — it fits the brand mythology perfectly.

Pronunciation: KAR-on (rhymes with "bar on")

CONSENTGATE DESIGN

The consent gate appears 5 seconds after first visit. Legal pages are always readable — the gate only blocks non-legal routes.

ELEMENT	SPEC
Overlay	Plain dark color (no blur), covers full screen
Bar position	Bottom of screen, full width
Bar style	Compact — small text, two buttons
Buttons	Accept & Enter (primary) · Leave Site (secondary/text)
Legal pages exempt	/legal/* and /refund-policy — always readable
Session-based	Accepted once per session (sessionStorage)

GLOBE COMPONENT

The globe shows animated arcs connecting countries. It appears on the **hero section only** — not on other pages.

PROPERTY	VALUE
Renderer	react-globe.gl + three.js
Background	Transparent — globe shows through
Arc color	Emerald green rgba(16,185,129,0.6)
Point color	Emerald green rgba(16,185,129,0.8)
Atmosphere	Soft glow, alt: 0.15
Brand outlines	Low opacity emerald green
No halos/breathing	Disabled — keeps it minimal
